

# URGENT PUBLIC NOTICE

## OUR FUTURE LIBERTY DEPENDS ON OUR ACTIONS OF TODAY

## WAKE UP - REMOVE YOUR MASK

### WE ARE BEING LIED TO & DECEIVED BY THE GOVERNMENT.

#### Would you be wearing a mask if it wasn't 'mandatory'?

Did you know it is unlawful to mandate mask wearing? You are perfectly within your rights to think for yourself and use common sense. It's your choice. Please take your mask off and stand with those who are fighting to preserve your rapidly diminishing civil liberties before it is too late.

#### Are you wearing a mask because you don't want to cause any disturbance or be judged?

Are you not disturbed by the de-humanisation of a society complicitly wearing masks?  
Stand up for your rights and play your part in opposing this humiliating ritual abuse of humanity's birth right to breathe.  
Breathing properly and exposure to natural viruses builds the immune system and makes us healthy. Are you aware of the negative health effects?

#### Do you believe masks actually work?

If masks work why should everybody have to wear them? If the mask wearer considers masks to be an effective form of protection then they can relax knowing they are safe and allow everyone else to make their own sovereign health choice. The same applies to the concept of mandatory vaccines.

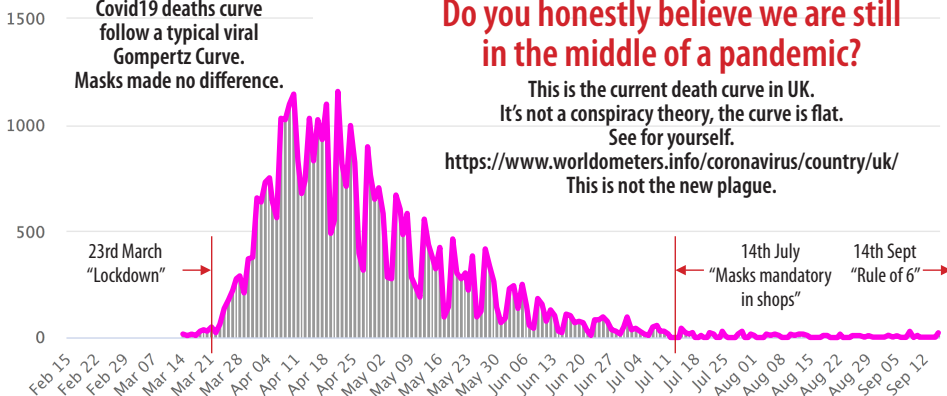

#### MASKS

Can cause hypoxic injury,  
Decrease oxygen intake,  
Increase toxin inhalation,  
Compromise immune systems,  
Increase virus risk.

#### Daily New Deaths in the United Kingdom

Covid19 deaths curve  
follow a typical viral  
Gompertz Curve.  
Masks made no difference.

Novel Coronavirus Daily Deaths

#### Do you honestly believe we are still in the middle of a pandemic?

This is the current death curve in UK.  
It's not a conspiracy theory, the curve is flat.  
See for yourself.

This is not the new plague.

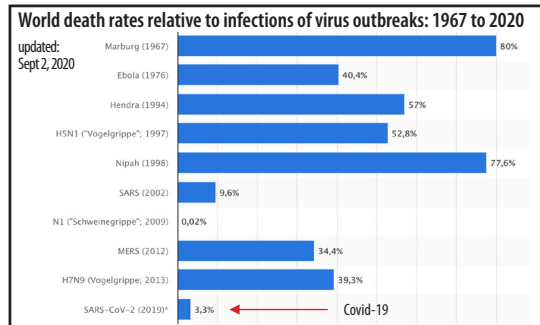

# PLEASE UNDERSTAND HOW IMPORTANT AND SIGNIFICANT YOUR ACTIONS ARE. WE NEED YOU.

## When was the last time you knew of somebody with real Covid 19?

The government in collusion with the media have destroyed the economy and millions of peoples' jobs, lives and well being unnecessarily. They have pressured and incentivised the medical profession to falsify death certificates with Covid19. PCR tests have been proven globally to be wildly inaccurate when testing for viruses, giving false positive results. Don't you think it a just a little strange how most people who have 'tested positive' these days have no symptoms?

## Casademic or Pandemic?

We are seeing an increase in cases because there is an increase in unreliable PCR testing which is notorious for giving high degrees of false positives. People are being encouraged to go for Covid19 tests particularly if they have any 'symptoms'. Cold symptoms are normal at this time of year and hyper testing is driving this casademic. The majority of positive cases are without symptoms. There is no real scientific evidence that asymptomatic cases spread the virus. Why did the UK Government make masks mandatory in shops at this very late stage when the Covid19 death curve in the UK has not only flattened but UK hospitals have only a handful of Covid19 admissions?

## Where are the deaths?

We are being lied to on a colossal scale. Doctors, Nurses and Police are SPEAKING OUT en-masse to expose the Covid 19 lies. The BBC is no longer news. It is propaganda. We are now entering an unprecedented era of social and mainstream media censorship. We are losing our rights to free speech and protest, yet the government supports BLM and XR protests.

## ARE EXEMPTIONS ALLOWED?

**YES** Even if you don't feel comfortable to directly challenge mask wearing you can at least print an exemption card. Anyone can be exempt from wearing a face mask due to physical / mental illness or because it causes anxiety or distress. It's unlawful and a breach of civil liberties to be asked for proof of exemption. You are totally within your rights not to wear a face mask.

Download this exemption card from [www.keepsafe.org.uk/card](http://www.keepsafe.org.uk/card).

It is vitally important that those who do not believe in the mainstream narrative regarding mask wearing, social distancing and the corona virus plandemic, do not go on complicitly obeying unlawful guidelines that masquerade as law. We need to stand together united in solidarity, making a strong stand against these crimes against humanity. This is a social experiment, advancing in small increments, gradually taking away our freedoms and steering us toward social compliance, replacing our natural freedom with a dystopian, cashless, microchipped, vaccinated, 5G microwave radiated surveillance society. Is this the future you want for yourself, your children and grandchildren? It's time to do the right thing and stand with the people to say No.
